WELCOME

A warm welcome to you all and thank you for registering with Lifelong United Learning. We are delighted to have you as part of our Alumni community and look forward to sharing our work and showcasing your achievements in the months and years ahead.

We are always looking for partners who may be able to offer our students a range of Career-based opportunities.

If you are able to support please contact
yourfuture@unitedlearning.org.uk

Could you make a
difference?

REGISTERED ALUMNI

We are delighted to see our Alumni continually grow and encourage you to share the registration details across your network using the QR code.

'CITY PAY IT FORWARD' ENTERPRISE CHALLENGE

Our annual Enterprise Competition, in conjunction with City Pay It Forward and The Draper's Company, took place in the summer. This year's theme was 'Sell that Drink', which invited students to develop their entrepreneurial skills, showcase their creativity, and enhance their teamwork and presentation skills. We were delighted to celebrate both our United Learning finalists, Newstead Wood School and The Hurlingham Academy, who both developed fantastic products of an exceptional standard as they competed against schools from the Harris Federation. The judges and audience were highly impressed by their professional approach. We would like to congratulate this year's winners, Newstead Wood School.

PWC: INSIGHT DAY

Our students attended not just one but three Insight Days across PwC offices last academic year in London, Bristol and Edinburgh. These days provided students, from across United Learning, with the opportunity to hear from experienced colleagues across different sectors of the company, engage in scenario-based tasks and explore the role of an actuary through a series of networking opportunities. Students found the days hugely insightful and were excited to learn about the broad range of pathways and routes into a future career at PwC.
