

Apprenticeship Public Sector Report 2022-23

United Learning is a multi-academy trust with schools in both the public and private sector, with the aim to provide an excellent education to children and young people across the country. We seek to improve the life chances of all the children and young people we serve and make it our mission to bring out ‘the best in everyone’ – students, staff, parents, and the wider community. To make that possible, we aim to attract great people to work in our schools, support their development and help them build a career with us. High quality professional development is central to our vision for excellence. United Learning actively considers apprenticeships for both new and existing staff to further their career progression.

There is no longer a public sector apprenticeship target, but we will continue to collect, report and review data on our apprenticeship activity. United Learning Trust is required to report the below data to the DFE annually as a public sector employer with over 250 employees.

Organisation Name: United Learning Trust
